A. STEDMAN DOWD

More than education . . .
More than experience . . .
More than training . . .
it's a state of mind.

A combination of skill and dedication that places the Mass Mutual agent on the same team along with attorneys, accountants, and trust officers in developing sound financial plans for families and businesses.

An attitude of service that integrates the business of life insurance with the business of life.

Dedication

We, the graduating class of 1973, dedicate this book to Mrs. Adeline Wilk. As senior class advisor, she inherits three years of class growth in knowledge and personal independence. Despite the often reckless self-absorption of seniors, she sets the collective eyes of the class upon graduation. Her composure and equanimity in the torrid and frantic final days as ably demonstrated in the past, culminates in bountiful banquets, picturesque proms and glorious graduations.

In the classroom, Mrs. Wilk demonstrates the same efficiency, often utilizing her own personal resources to bring out the best in her students.

For her invaluable help in preparing seniors to solve the problems of their final high school year and survive to face the years to come, we gratefully dedicate our book.
